Child Protection

Child Protection: Recognition and Response (CPRR)

CPRR exists to teach people to recognise the indicators of possible abuse or neglect.

<http://www.alsg.org/uk/CPRR>

Child Protection in Practice(CPiP)

The aim of the course is to provide specialty trainees with the competencies required for their on-going child protection practice. The course is delivered on an on-line learning platform and each topic has a variety of modalities including text, videos, case studies, e-scenarios, interactive activities, reflective logs and facilitated discussion forums.
